

# Social Responsibility Policy

## Commitment

Omnia Projects is committed to promoting a strong culture of social responsibility through the business. The term 'social responsibility' encompasses ethical values, community responsibilities, sustainability, protection of the environment, prudent use of resources, economic advancement and employment.

We support the increasing emphasis placed by our customers on corporate social responsibility – an organisations responsibility to behave, through its business practices, in a way that has a positive impact on all of its internal and external stakeholders.

## Responsibility

The Directors are responsible for promoting and monitoring the Social Responsibility Policy.

Everyone working on behalf of Omnia Projects need to be mindful of how our actions impact on each other, our customers and society more widely.

## Approach

It is Omnia's objective to ensure that we make a positive contribution, in an appropriate manner, to the well-being of the environment, communities and professions in which we operate and carry out our operations on a clear ethical basis recognising the economic, social and environmental impacts of our activities on society.
